Re: Request for Additional Information
RQ-2 dated August 28, 2014

Dear Mr. Morse:

The two candidate contributions cited in your letter were for different elections, the Texas Primary held on March 4, 2014, and the Texas Runoff, held on May 27, 2014.

The candidate placed second in the Primary, triggering the second, runoff, election.

Our first contribution, dated February 19, was for the Primary, and the second, dated May 21, was for the Runoff. Therefore neither one exceeded the multicandidate limit of \$5,000.00 per election.

The FEC Contributions brochure states, at page 3:

The limits on contributions to a candidate committee apply separately to each election in which the candidate participates. (Primaries, runoffs and general elections are considered separate elections, with separate contribution limits. 11 CFR 100.2(a).

(See, http://www.fec.gov/pages/brochures/contributions_brochure.pdf)

Please let us know if any further response is required.

Sincerely,

Barbara Boyd
Treasurer
